INTRODUCTION

The Mount Vernon Municipal Court's Annual Report (2020) chronicles Court operations and major accomplishments for the year. Last year's successes would not have been possible without the Court's dedicated employees.

COVID-19

The big story of 2020 was, of course, the COVID-19 global pandemic. Beginning in March, the Court adopted policies recommended by the Ohio Supreme Court, Knox Public Health and the Centers for Disease Control to slow the spread of the virus. Virtual hearings were conducted more frequently. Court employees worked from home, if possible. The number of people allowed in the courtroom and hallway was limited to allow for six feet of social distancing. Health screenings and face coverings were required to enter the Court. Surfaces were sanitized and air purifiers were installed.

PERSONNEL

In February, Clerk of Court Stephanie Hardman was discharged from her position due to her inability to account for missing funds. Ms. Hardman was replaced by Mary Jo Hawkins, former Clerk of the Knox County Court of Common Pleas, who served as temporary Clerk until November, when Clerk Lisa Mazza was sworn in.

At the end of the year, Tom Smith retired from his position as the part time Court Security Officer. Tom was a very dedicated employee who will be missed.

COMMUNITY OUTREACH

The Court is dedicated to enhancing the general public's understanding of how the legal system works. The Court's Facebook page currently has over 2,500 followers who receive information regularly about the Court's programs and activities. Follow us at www.facebook.com/MTVMunicipalCourt. We hope that the Annual Report (2020) will also be useful to that end.

Sincerely,

John C. Thatcher

DEPARTMENT OF ADULT PROBATION

The Department's main goal is to restore offenders to the status of law-abiding citizens. We believe the goal can be achieved through collaborative relationships between Probation Officers, the offenders we supervise and our community partners.

Partnerships with community service-providers enhance our rehabilitation efforts. These efforts reduce recidivism, protecting the public from future crimes and reducing incarceration costs.

The integrity of offender programming with our community collaborations was maintained with limited disruption throughout the mandatory coronavirus health restriction. Resources were redirected to address high risk behavior and maintain offender accountability within the community setting. The Department focused on the implementation of safe evidence-based contact approaches to create virtual and hybrid rehabilitative opportunities.

PROGRAMS

Supervised Community Service

The Knox County Thayer Rd Horse Park project site was added to the total of non-profit programs visited. Since the implementation of the program in 2016, there have been 19 individual non-profit organizations served by the program. Projects included: cleaning up Mound View Cemetery in observance of Memorial Day; trash pick-up of abandoned homeless camps along the west end viaduct; and completing multiple projects at the Bladensburg Community Center and Ariel-Foundation Park.

Indigent offenders may perform community service to work off fines and costs. Over \$41,000 were credited to fines and costs last year. Community service hours are also imposed as internal sanctions in lieu of costly jail terms for low level probation violations.

Thinking for a Change

A Probation Officer and a Behavioral Healthcare Partners ("BHP") counselor co-facilitate Thinking for a Change ("T4C") classes. The program consists of a 16-week course of study that addresses criminal thinking errors in moderate and high-risk offenders. Twelve offenders graduated from T4C.

Moral Reconciliation Therapy

Moral Reconciliation Therapy (MRT) seeks to decrease recidivism among offenders by increasing moral reasoning. There were 19 referrals. 5 individuals continue to receive services with 8 offenders being successfully discharged from the MRT program.

Trauma Group

Trauma is an evidenced-based program that teaches offenders that recovery from traumatic events, past and present, is possible by achieving a form of acceptance through the process of enhancing positive coping skills and setting realistic life goals.

The program is new to the Department's in-house recovery services and widely used as a therapeutic process and supervision tool to break the cycle of self-destructive offender behavior. There were 4 male and 17 female offenders that graduated from the program. There are a total of 12 individuals that continue to attend trauma programming.

Hands Down Violence Awareness Program

Hands Down is an eight-week class for offenders who have committed offenses of violence such as domestic violence, assault, menacing and violations of protection orders. The program is instructed by Tyler Hitzfield of Central Ohio Assessment and graduated 63 of the 68 referred participants this past year.

Automated Random Drug Testing Program

Routine drug testing of offenders allows officers to monitor compliance with supervision terms. The Indiko Plus Analyzer and Paracelsus software system enables the Department to adapt substance abuse service delivery to drug testing and current drug use trends. The Paracelsus Call-In System was implemented as a best practice screening model that promotes the randomization of offender testing. Donors combined for 12,410 drug test assays results.

The City of Mount Vernon utilizes the testing equipment to test seasonal workers. The Department also provided drug testing for Armor Court, the Knox County Common Pleas specialized drug court program, the City Law Director's pretrial supervision cases and courtesy supervision testing for adjoining county probation departments.

GPS and Continuous Alcohol Monitoring (SCRAM)

As a form of community control, offenders who are prohibited from having contact with victims or consuming alcohol are fitted with a GPS or SCRAM (continuous alcohol monitor) device to assist with supervision compliance. These devices have been a successful alternative to the cost of incarcerating offenders awaiting trial or at the time of sentencing. The units were increasingly used last year as an alternative supervision tool through the COVID Pandemic. The daily cost of electronic monitoring is \$12 dollars per day compared to approximately \$65 dollars per day to house an inmate at the Knox County Jail. Fifteen offenders were considered full-sobriety for 886 days monitored. Eleven participants accounted for 503 days on GPS.

MERIT Court

There were 23 referrals to the Mandated Education and Referral Into Treatment (MERIT) Drug Court. There are currently 10 active participants. 12 graduated and 1 individual timed-out from the program.

GRANT RESOURCES

The Ohio Department of Mental Health and Addiction Services awarded the Department a \$30,000.00 Specialized Docket Grant which partially compensates our MERIT Court expenses. We also subsidized operating expenses through the utilization of the second portion \$501,480 two year Justice Re-investment and Incentive Grant

(JRIG) awarded in 2019 from the Ohio Department of Rehabilitation and Corrections. The Department will seek grant renewal in July of 2021.

The JRIG grant pays for a full-time Specialized Docket Coordinator, a full-time Probation Officer and partially for the Administrative Assistant. The JRIG grant subsidizes a drug and alcohol counselor from the Freedom Center who provides services for inmates at the Knox County Jail. The grant also allows for in-house outpatient mental health, drug and alcohol engagement groups and individualized assessments through BHP and the Freedom Center at the Probation Department. Grant funds pay for the automated random call-in and urinalysis system.

The Department of Public Safety awarded the Department \$13,025.00 from the Coronavirus Emergency Supplemental Funding Program. Funds allowed the Department access to secure communication platforms for virtual meetings for the specialized docket treatment teams, individualized offender sessions with officers and the implementation of a hybrid classroom for the continuation of in-house mental health and substance abuse services. Funds paid for 3 laptops with camera and microphone capability, hotspot stipends for remote internet access and up to 15 temporary data plans to allow offenders access to virtual communication applications.

OFFICER TRAINING

Officers completed several virtual continuing education training workshops through the Ohio Department of Rehabilitation and Correction, the Ohio Supreme Court Judicial College and the National Association of Social Workers.

All Officers qualify annually to carry a firearm and Taser. They also participated in annual Tactical Decision Making, De-Escalation and Use of Force training facilitated by the Mount Vernon Police Department (MVPD). The training increased non-lethal skills by teaching various unarmed self-defense techniques.

COMMUNITY OUTREACH

Due the Coronavirus pandemic, community outreach events for 2020 were cancelled. The First Responders Compassion Fatigue Workshop, co-hosted with Touchpointe, was rescheduled for spring of 2021.
